

Gourment to Goo

Daily Candy - December 10, 2007

Waiter: Bonjour! Welcome to Pomme Bébé. Autumn Stew is the special today, made with pumpkin, squash, kidney beans, apple, and raisins.

Mom: Why, that sounds fantastique. All the ingredients are fresh, seasonal, and organic, no? I'll take it.

Waiter: No.

Mom: No? As in yes?

Waiter: No as in no, madame. Acclaimed chef Laurent Brazier didn't create this seasonal menu for you. Everything here is for tiny babies! We peel, steam, and puree daily in our kitchen so babes can dine in, pick up, or order our cuisine online and have it delivered to their high chair.

Mom: Sacre bleu!

Waiter: No, madame, Pomme Bébé.
